

Visual Paradigm for UML 7.2 Service Pack 1 Released

February 22, 2010 – Visual Paradigm International Limited announced today the release of Visual Paradigm for UML 7.2 Service Pack 1 (VP-UML 7.2 SP1), an award-winning UML tool.

VP-UML 7.2 SP1 introduces a number of new features, which includes:

- Business process simulacian
- Documentation reference model elements

Enhancements to VP-UML 7.2 SP1 includes:

- Enhance class diagram usage
- Enhanced usability of exporting BPD to BPEL
- Handy sweeper
- Allow transit to all model elements
- Publish voice to project publisher
- Hide diagram type in tool customization

Pricing and Availability

VP-UML 7.2 SP1 is now available through the Visual Paradigm online shop (www.visual-paradigm.com/shop) and through Visual Paradigm authorized resellers (www.visual-paradigm.com/shop/authorizedresellers.jsp). VP-UML is available under both single-seat (developer-based) and floating licenses. Single-seat licenses are available from US \$99.00 for the Modeler Edition to US \$1399.00 for the Enterprise Edition. Alternatively, these licenses can be purchased with a one-year software maintenance contract for prices starting from US \$118.50 up to US \$1678.50. A floating license is available from US \$128.50 to US \$1818.50, or US \$154.00 to US \$2182.00 including a one-year software maintenance contract. Both minor and major version upgrades are covered by the software maintenance contracts.

Visual Paradigm for UML

Visual Paradigm for the Unified Modeling Language (VP-UML) is a UML tool. The tool is designed for a wide range of users including software engineers, system analysts, business analysts and system architects, or for anyone who is interested in reliably building large-scale software systems using an object-oriented approach. In addition, VP-UML supports the latest standards of UML notation. The Visual Paradigm for UML product home page is located on the Web at www.visual-paradigm.com/product/vpuml/.

Visual Paradigm International Limited

Visual Paradigm International Limited is a leading provider of software solutions that enable organizations to develop quality applications faster, better and cheaper. Visual Paradigm is dedicated to continually developing and delivering software, services and partnerships to help customers accurately transform their system requirements into high-quality software solutions, all with minimum risk and maximum return on investment. All Visual Paradigm products are designed and developed to remove complexity, improve productivity and compress customers' software development time frames.
